

## Brynaman Community Centre

Brynaman Community Centre is based in Carmarthenshire at the western gateway to the Brecon Beacons National Park at the foot of the Black Mountain.

This article is available in welsh >>

The Community Centre provides a wealth of services and facilities to the local community including:

- Café
- Conference facilities
- ICT suite
- WiFi Internet facilities
- Hosted Nurse Practitioners Surgery
- Heritage Centre
- Various Training Programmes
- Community Activities

Staff at the Brynaman Community Centre use ICT extensively in their day to day work and were somewhat victims of their own success having rapidly expanded their infrastructure but without adequate ICT support.

During the course of the last year, Brynaman Community Centre has engaged in substantial ICT development work and have significantly progressed their policies and procedures with the help of the local Circuit Rider. A large number of technical issues such as networking, security and printing have been resolved.

Brynaman Community Centre are also engaged in developing a new website as part of their rebranding exercise to change their name to The Black Mountain Centre. The website will be launched to coincide with the re-launch of the centre.

Mynydd Du.

Mae'r Ganolfan Gymunedol yn cynnig cyfoeth o wasanaethau a chyfleusterau i'r gymuned leol yn cynnwys:

Bwyty

Cyfleusterau cynadledda

Ystafell TGCh

Cyfleusterau Rhyngrwyd WiFi

Meddygfa a redir gan Nyrsys

Canolfan Treftadaeth

Amrywiol Raglenni Hyfforddi

Gweithgareddau Cymunedol

Mae staff Canolfan Gymunedol Brynaman yn defnyddio cryn dipyn o TGCh yn eu gwaith beunyddiol, ac roeddent yn ddioddefwyr o ganlyniad i'w llwyddiant eu hunain i raddau oherwydd iddynt ymestyn eu strwythur mewnol yn gyflym iawn heb ddigon o gefnogaeth TGCh.

Yn ystod y flwyddyn llynedd, fe wnaeth Canolfan Gymunedol Brynaman gyflawni cryn dipyn o waith datblygu TGCh, ac maent wedi datblygu eu polisiau a'u gweithdrefnau'n sylweddol, gyda chymorth y Cylchredwyr Technoleg lleol. Llwyddwyd i ddatrys nifer fawr o faterion yn ymwneud â thechnoleg, megis rhwydweithio, diogelwch ac argraffu.

Hefyd, mae Canolfan Gymunedol Brynaman wrthi'n datblygu gwefan newydd, fel rhan o'u hymarfer ail-frandio, i newid eu henw i Ganolfan y Mynydd Du. Bydd y wefan yn cael ei lansio ochr yn ochr ag ail-lansiad y ganolfan.
